**Note:**

Niagara Region has determined that it is necessary to provide additional information relating to the above referenced Request for Proposal.

This addendum forms an integral part of the above referenced Request for Proposal. Such addenda may contain important information, including significant changes to the above referenced Request for Proposal.

In the Form of Proposal (Appendix B), bidders should confirm their receipt of all addenda by setting out the number of each addendum in the space provided.

**Addendum No. #1**

**Questions and Answers:**

**Q1)** Can the Region confirm if power metering equipment and an electrician are to be carried by the successful proponent?

**A1)** Proponents must undertake all due diligences in order to successfully fulfill the Scope of Work posted.

**Q2)** Can the Region provide clarification on the format of the data and drawings provided? Will this be in excel format, pdf format, DWG (autocad) format?

**A2)** All data available is posted on the FTP site.  
80% of the electrical and mechanical drawings are requested so; they must be submitted in autocad format as this is a detailed engineering study; that information will be later used for engineering design purpose.

**Q3)** The RFP states that 80% of the electrical and mechanical drawings are to be provided by the successful proponent. Proponent understands that certain drawings are required to support the DES and CIA. Is this what is required as part of this assignment?

**A3)** The objective is for supporting Detail Engineering Study (DES) and Connection Impact Assessment (CIA) but also for being used in subsequent phases of this project.

**Additional information regarding proposals structure:**

DES technical proposals should meet the standards required by IESO and CLEAResult in order to successfully apply for DES incentive.
